

JOB DESCRIPTION

WEB DEVELOPMENT EXECUTIVE

About e92plus

What do we do? We empower the IT channel, bringing innovative solutions from emerging and established vendors to market, helping our reseller partners grow a profitable business. We provide a range of unique technical, marketing and sales services that help differentiate us and help us achieve record growth.

What are we looking for?

We are expanding our team, and we're looking for the brightest talent to complement our team. Security, Wi-Fi and virtualisation are the hottest sectors in IT, and we'll provide everything you need to help develop your career and achieve success. We offer a competitive basic salary and excellent commission.

Next Steps

If you have the ambition, the talent and are looking for the next step up, contact e92plus today. For more information on specific opportunities to send us your CV, call us on +44 (0)20 8274 7000 and ask to speak to the HR Manager or email us at careers@e92plus.com. We look forward to hearing from you.

Responsible To

The Marketing Director

Location

The e92plus Head Office (Argent House)

Key Responsibility

Creation and development of digital and printed marketing resources

You'll need to be....

Creative, proactive and focused. You'll work closely with colleagues in the e92plus marketing department on marketing collateral and online resources, introducing new ideas and helping implement the marketing strategy.

Core Activities

Key activities with the role include:

- Administration of the company website, using a content management system
- Creation and administration of additional micro-sites for supporting products
- Design and distribute eshots to a set schedule using a third party platform
- Creating printed marketing material that complement digital/online editions
- Creating marketing materials for customers' use, including emails, microsites, etc.
- Working with external agencies on development and maintenance of a Magento ecommerce platform (including images, bespoke pages, dynamic content and catalogue management)
- Supporting the Technical Developer on integration between the website and CRM system

Experience / knowledge that's required includes:

- HTML, including CSS
- jquery
- Photoshop / Illustrator

Ideally you will also have knowledge of or experience in Magento.

Team Engagement

You'll work closely day to day with the rest of the e92plus marketing team, helping to implement the company marketing plan and carry out regular activities. You will also work alongside the sales and technical teams, so a sociable outlook and an ability to work well in teams is essential.

Development

The role includes continual training and personal development, with excellent opportunities for career progression with the e92plus Marketing team to a more senior role.

Targets/KPIs

Targets will be based on KPIs, including completing assigned tasks and managing projects.
